

**Problem Set****16. December 2021**

Time: 12:00 – 13:00 h

Location: 5173.0050

1. Reaction of the week: by Hung-Chien Lin (Minnaard group).
2. (Retro-)Synthesis: identify key disconnections and come up with a reasonable forward synthesis. Start with realistic commercial substrates, state reaction conditions precisely, consider protecting group strategies, and try to make your synthesis as elegant as possible (apply modern organic chemistry).
